EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Hanson on August 7, 2006.

The application has been amended as follows:

In claim 11, "is capable of expressing" has been amended to —expresses—.

In claim 16, "yield enhancement," and "improved nutritional quality," have been canceled.

In claim 19(e), "one additional generation" has been amended to —three additional generations—.

Claims 23 and 24 have been canceled.

Claim 25 (new). 25. An F₁ hybrid seed produced by crossing the plant of claim 2 with a second, distinct corn plant.

Claim 26 (new). An F₁ hybrid plant grown from the seed of claim 25.

The above claim amendments were made for clarification or to obviate issues under 35 USC 112, first and second paragraphs. The Office has determined that claims drawn to F₁ plants (newly added as claims 25-26) have adequate written description and are free of the prior art. In claim 18, it is understood that sufficient crossing of the progeny plant with itself is required before an inbred corn plant can be produced.

Claims 1-22 and 25-26 are pending and are allowed.

REQUIREMENT OF ALLOWANCE UNDER 37 CFR §§ 1.801-1.809

2. In the interview of August 7, 2006, Applicant indicated that Applicant will comply with all of the deposit requirements under 37 CFR §§ 1.801-1.809. Since the application is otherwise in condition for allowance except for the needed deposit, and since the Office has received written assurance that an acceptable deposit will be made on or before payment of the issue fee, the Office is authorized to mail Applicant a Notice of Allowance and Issue Fee Due together with a requirement that the needed deposit be made within THREE (3) MONTHS of the mail date of this letter (see 37 CFR § 1.809(c)).

Under 37 CFR 1.809(c)-(d) an applicant is required to make a deposit of seed within three months after the mailing date of the Notice Of Allowance and Issue Fee Due. The time period for making a biological deposit, and an amendment to add the depository information to the specification and claims, is no longer extendable. See 37 CFR 1.136(c) and 1.809(c), revised in Changes to the Time Period for Making any Necessary Deposit of Biological Material, 66 Fed. Reg. 21090 (April 27, 2001), 1246 Off. Gaz. Pat. Office 104 (May 22, 2001), effective for Notices of Allowability mailed on or after May 29, 2001. Amendments are no longer permitted to be filed after the payment of the issue fee. See 37 CFR 1.312, revised in Changes to Application Examination and Provisional Application Practice, 65 Fed. Reg. 14865, 14869 and 14873 (March 20, 2000), 1233 Off. Gaz. Pat. Office 47, 50 and 54 (April 11, 2000), effective on May 29, 2000. Failure to make the needed deposit of seeds of the claimed

corn inbred line will result in **ABANDONMENT** of the application for failure to prosecute.

The deposit statement in the specification and all claims that refer to the instant seeds by name must be amended to include the deposit accession numbers. These amendments should be submitted before the payment of the issue fee as an Amendment After Allowance under 37 CFR 1.312. The statement of deposit in the specification shall contain:

- .
 - (1) The accession number for the deposit(s);
 - (2) The date of the deposit(s);
 - (3) A description of the deposited biological material sufficient to specifically identify and to permit examination; and
 - (4) The name and address of the depository. (See 37 CFR 1.809(d)).
- 3. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Patent applicants with problems or questions regarding electronic images that can be viewed in the Patent Application Information Retrieval system (PAIR) can now contact the USPTO's Patent Electronic Business Center (Patent EBC) for assistance. Representatives are available to answer your questions daily from 6 am to midnight (EST). The toll free number is (866) 217-9197. When calling please have your application serial or patent number, the type of document you are having an image problem with, the number of pages and the specific nature of the problem. The Patent Electronic Business Center will notify applicants of the resolution of the problem within 5-7 business days. Applicants can also check PAIR to confirm that the problem has been corrected. The USPTO's Patent Electronic Business Center is a complete service center supporting all patent business on the Internet.

The USPTO's PAIR system provides Internet-based access to patent application status and history information. It also enables applicants to view the scanned images of their own application file folder(s) as well as general patent information available to the public. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
